WHY REGISTER MY BICYCLE?

- Provides a record of ownership – needed to report a stolen bicycle to Campus Police.
- Allows a recovered bicycle to be returned to owner.
- BikeUMD will notify you if your bike looks abandoned or is parked illegally before cutting your lock and impounding your bike.
- Allows BikeUMD to cut your lock if you lose the key to your lock or if it is jammed or broken.
- If a construction or landscaping project disturbs a bike parking area, you will be notified if/when your bike is relocated or at risk of being relocated.
- Gives BikeUMD a better idea of how many people are biking on campus to offer better programs and more bike racks and infrastructure.
- Allows BikeUMD to effectively communicate major bike regulations, policy changes, and safety issues.
- It’s FREE!
HOW DO I REGISTER MY BICYCLE

- Go to https://bikeindex.org/umd and follow the instructions
  - Under REGISTER YOUR BIKE, enter your email, bike manufacturer and primary frame color
  - This will create your account with Bike Index

- You will receive an email with instructions to complete the registration process.
  - Click on “Finish it!” in your email

- Enter Bike Details
  - Brand
  - Frame Model
  - Serial Number (see instructions on Bike Index for how to locate your Serial Number)
  - Click on “Finish it!” in your email
  - Year Manufactured

- Click on Register
  - You will then receive a confirmation email that your bike is registered
  - After registering you can go back and edit details about your bike, upload photos, add a second bike (or more!) and register your lock

- After receiving your confirmation email, pick up your Registration Sticker
  - You need to bring: UID, registration confirmation and your bicycle

- DOTS Office: Regents Drive Garage (Monday – Friday; 8:15am – 4:00pm)

- RecWell Bike Shop: Cole 0249 (hours subject to change; check http://go.umd.edu/bikeshop)
