

Bike Week Returns

April 5, 2013, Bike week is back again this year with a week full of activities to educate cyclists, pedestrians and drivers on how to share the roads on campus. DOTS hopes to encourage more students to opt to bike instead of drive to campus in support of the University's sustainability goals.

Events begin on April 8th and continue through April 12th. The biggest event of the week is the Bike Fair on Wednesday. Staff from DOTS and other campus organizations will have tables outside of Stamp Student Union with information about biking and wellness and sustainability. Free U-locks and helmets will be given away with each new bicycle registration. Two free bicycles will be raffled off.
